

Business Questionnaire

Anoka County is interested in learning more about the needs that businesses have for broadband services and the role the County may take to encourage expanded broadband service in the County. All questions on this form are optional.

The County wants feedback from businesses about how you use broadband today and how you might use broadband in the future. Please take a moment to complete this questionnaire and return via mail or complete it online at ConnectAnokaCounty.com.

Company: _____

Location / Closest Town: _____

Zip Code: _____ Number of Employees: _____

Type of Business: _____

1) How do you use the Internet today? (example: Communication with customers, vendors, other offices; automated processes; telecommunicating; online services; voice over IP; data backup; etc.)

2) Describe your Internet access today. Who do you buy Internet access from? How much bandwidth do you have and how much do you pay for it? _____

3) How would your business use broadband if you could buy all the bandwidth you want at a price you could afford? _____

4) Would you support the idea of the County facilitating an alternative Broadband solution with a commercial partner? _____

5) How could you increase productivity with additional broadband capacity? _____

6) Do you have other comments or suggestions regarding expanding broadband services in Anoka County? _____

If you would like to discuss the survey or the ConnectAnokaCounty project, please call Matt Schmit at 763-422-7426 or give us your contact information:

Name: _____

Address: _____

Phone: _____ E-mail address: _____

Please return completed survey to:
