

# ANOKA COUNTY SUMMARY FINANCIAL STATEMENT

FOR THE YEAR ENDED DECEMBER 31, 2010

## OFFICIAL PUBLICATION

To the Honorable Board of County Commissioners:

I herewith submit to you a full and accurate statement of revenues and expenditures for the year 2010, together with an accurate statement of the financial position of the county on December 31, 2010, including debts and liabilities, and the assets to discharge the same.

Respectfully submitted,

Cevin Petersen  
Division Manager  
Finance and Central Services Division

The purpose of this report is to provide a summary of financial information concerning Anoka County for interested citizens. Questions about this report should be directed to Cevin Petersen, Finance and Central Services Division Manager, (763) 323-5302.

**A FULL AND COMPLETE COPY OF THE COUNTY'S COMPREHENSIVE ANNUAL FINANCIAL STATEMENT IS AVAILABLE UPON REQUEST BY CALLING (763) 323-5700, BY WRITING TO THE COUNTY ADMINISTRATOR, ANOKA COUNTY GOVERNMENT CENTER, 2100 THIRD AVENUE - ROOM 700, ANOKA, MINNESOTA 55303 OR THROUGH OUR WEB SITE AT [WWW.CO.ANOKA.MN.US](http://WWW.CO.ANOKA.MN.US).**

# A PROFILE OF ANOKA COUNTY

## County Statistical Information

Key Indicator	Total 2010	Total 2009	Percent Increase/Decrease
Population *	345,090	335,308	2.92%
Total Estimated Market Value of all Taxable Property (in thousand's)	\$27,300,698	\$30,198,486	(9.60%)
Percent of Property Taxes Collected **	93.83%	96.88%	(3.05%)
Total Revenues (All Governmental Funds)	\$318,298,103	\$294,310,997	8.15%
Total Current County Expenditures (All Governmental Funds)	\$324,665,914	\$324,264,549	.12%
Total Debt Applicable to Legal Debt Limit	\$183,736,604	\$193,290,377	(4.94%)
Bond Rating on Most Recent General Obligation Bond Issue	AAA Aa2	AAA Aa2	Standard & Poors Moody's
Total Number of Full Time Employees	1,810.5	1,793.8	.93%

\* The population amount for 2010 is an estimate, whereas 2009 population is based on actual data provided by the Metropolitan Council.

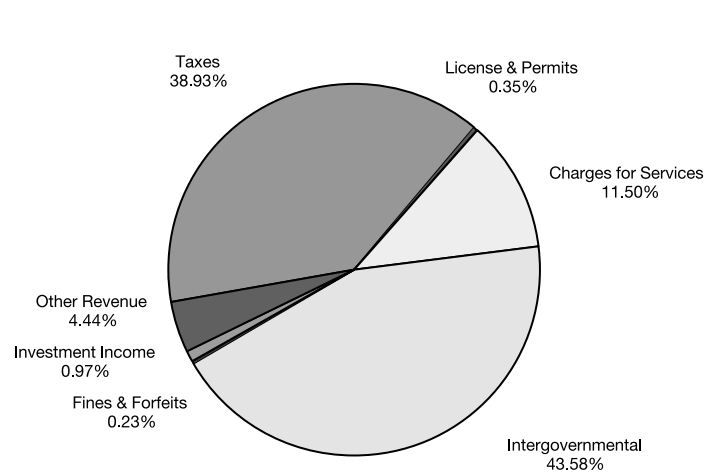

\*\* The decreased collection rate for 2010 is due in large part to unallotment of the Market Value Homestead Credit (\$3.6 million) by the State of Minnesota.

Anoka County is Minnesota's fourth most populous county. The county's 2000 U.S. Census population count of 298,084 was 22.3% greater than its 1990 count of 243,641. The 2000 U.S. Census of housing showed a 26.4% increase in the number of housing units in the county from 85,519 in 1990 to 108,091 in 2000. This growth, coupled with increased residential and commercial development, has bolstered the county's tax base.

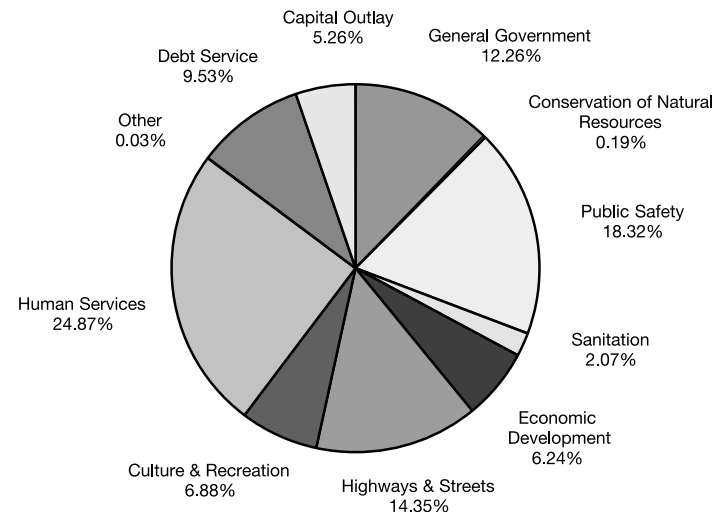

The demand for county services continues to rise. Yet, the Anoka County Board of Commissioners is committed to keeping county taxes reasonable and affordable. For example, Anoka County leads the way in the State of Minnesota in protecting the property taxpayer. Anoka County's taxes on a per capita basis were among the lowest in the metropolitan area in 2010. Additionally, Anoka County's tax levy, on a per capita basis, is among the lowest of all 87 counties in the entire state.

## Anoka County 2010 Finances

### Governmental Funds WHERE THE FUNDS COME FROM...

### Governmental Funds WHERE THE FUNDS GO...

# A User's Guide to County Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of Anoka County's finances, in a manner similar to private-sector businesses. The government-wide Statement of Net Assets (Exhibit 1) is reported on a full accrual basis, which recognizes all long-term assets as well as long-term obligations. The Statement of Activities (Exhibit 2) demonstrates the degree to which the direct expenses of each function of the County's governmental activities and different business-type activities are offset by program revenues. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements (Exhibits 3 & 5) focus on spendable resources. Reconciliations (Exhibits 4 & 6) are provided between the governmental fund statements and the government-wide statements.

## COUNTY GOVERNMENTAL FUND TYPES

Governmental fund statements (Exhibits 3 & 5) include the following funds:

The **General Fund** is the general operating fund of the County and is used to account for all financial resources except those that are required to be accounted for in another fund.

**Special Revenue Funds** are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The major funds are reported individually on the governmental fund statements and include Road & Bridge, Human Services, County Library, Parks and Recreation, Building Management, and the Community Development Block Grant. All non-major funds are consolidated in the other governmental funds column, those funds include the Job Training Center, Cooperative Extension, Law Library, Regional Rail Authority, Housing and Redevelopment Authority, Forfeiture Funds, and Forfeited Tax Sale.

**Debt Service Fund** is used to account for the accumulation of resources for, and payment of, principal, interest, and related costs of general long-term debt.

**Capital Projects Fund** is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

Governmental funds are reported as governmental activities in the Statement of Net Assets and Statement of Activities.

## COUNTY PROPRIETARY FUND TYPES

Proprietary fund statements (Exhibits 7 & 8) include the following funds:

**Enterprise Funds** are used to account for operations that are financed and operated in a manner similar to private business enterprises where the "measurement focus" of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Aquatic Center Enterprise Fund is reported as business type activity on the government-wide statements.

**Internal Service Funds** are used to account for the financing of the goods or services provided by one department or agency of a government to other departments or agencies on a cost-reimbursement or rental basis. The internal service fund is eliminated on the government-wide financial statements to avoid duplication of expenditures.

## MAJOR CATEGORIES OF COUNTY EXPENDITURES

The functions of government as shown in Exhibit 5:

The **General Government** function includes expenditures for salaries and expenses for general county activities such as the County Commissioner's, the County Administrator's Office, the County Attorney's Office, the Property Records and Taxation Division, the Finance and Central Services Division, and other county offices.

The **Public Safety** function includes expenditures for corrections' activities, the operation of the County Sheriff's office, the County Jail, Central Communications and the County Medical Examiner.

The **Sanitation** function includes expenditures for county solid waste collection and disposal programs, including county sponsored recycling programs.

The **Highways and Streets** function includes expenditures for all Highway Department road construction and maintenance programs, as well as bridge construction and maintenance, signs, signals, design, right-of-way acquisition, etc.

The **Human Services** function includes the administration of all federal, state and county human services programs, including: income maintenance, (renamed economic assistance in 2011), child support collection activities, social service and mental health programs such as chemical dependency treatment programs and child protection services. Also included are expenditures for the County Public Health

Department, including inoculation programs, home health aid services and programs to protect public and private drinking water systems.

The **Culture and Recreation** function includes expenditures for county libraries, county parks and recreation programs, including the development and maintenance of all county and regional park facilities.

The **Conservation of Natural Resources** function includes expenditures relating to soil and water conservation and the County Extension Office.

The **Economic Development** function includes expenditures for economic development programs such as the Community Development Block Grant Program, HOME Program, Housing and Redevelopment Authority, Federal Economic Security Programs and the County Regional Railroad Authority.

**Debt Service** includes all expenditures for the repayment of bonds issued by the county and lease purchase agreements entered into by the county, including the payment of principal, interest and other fiscal charges associated with the bonds and lease purchase agreements.

**Capital Outlay** includes all expenditures for the construction of county facilities or the purchase of buildings, land or major equipment by the county.

These activities, except for Debt Service and Capital Outlay, are used in both the government-wide and governmental funds statements.

## ANOKA COUNTY COLLABORATION AND VISION

Anoka County, Minnesota, located north of the Twin Cities metropolitan area, is comprised of 21 municipalities. Here you will find a unique blend of urban amenities in a friendly, small town atmosphere. Despite today's challenging economic times, Anoka County continues to be a great place to live, work, play, and do business. With award-winning schools and several post-secondary educational institutions, Anoka County residents are well-educated and take pride in their work and community. The County has numerous commercial and industrial sites available for development including several hundred acres zoned industrial within the Metropolitan Urban Service Area (MUSA) 20 minutes from downtown Minneapolis and St. Paul. Major corporations like Medtronic, Aveda, BAE Systems, Pentair Technical Products, Onan Corporation, and Federal Premium have found homes in Anoka County.

Connect Anoka County, a cooperative project between Anoka County and Zayo Bandwidth, of Louisville, Colorado, has received a \$13.4 million grant from the America Recovery and Reinvestment Act (ARRA), to expand fiber broadband connectivity across the County. This project will link 145 government locations with three core rings, creating a 286-mile fiber optic backbone. This backbone will connect police, fire, city and town halls, and County buildings. This network will provide a direct advantage to local businesses, passing through the County's key business districts and economic development areas. Construction is scheduled for completion in 2012. The countywide fiber network will be owned and operated by Zayo Bandwidth, a private company, allowing service to local businesses.

Transportation is a priority in Anoka County. Infrastructure such as railroads, airports, and freeways has a significant impact on economic growth. The County is served by three interstate highways: I-35W from downtown Minneapolis, I-35E from downtown St.

Ribbon-cutting ceremony for the Highway 65 and County Road 14 interchange project.

Paul, and I-694 connecting the north metro. Other highways serving the County are U.S. Highways 10, 169, and 610, and State Highways 65 and 47. U.S. Highway 10 provides a nonstop freeway from the city of Anoka to both downtown Minneapolis and St. Paul. U.S. Highway 610, in conjunction with State Highway 252, links I-35W to I-94. The County's Highway Department has had great success bringing in outside revenue, leveraging \$6 million in County funds to secure more than \$32 million in federal and state highway construction dollars. So successful, in fact, that for every \$1 in County funds spent on road and bridge projects, the County receives \$5.30 in state and federal funds. A \$10.7 million project to expand Main St. to four lanes from Thrush St. to Crane St. in Coon Rapids is scheduled for completion in July 2011. The project is being funded with federal highway dollars and State of Minnesota "turnback" funds. (Turnback funds become available when a former State Aid Highway is "turned back" to the local government to maintain.) In 2011, Anoka County will implement the first design build project for a

County between Crane St. and Ulysses St. on County State Aid Highway 14 (Main St.) in Coon Rapids and Blaine. In Lino Lakes and Centerville, the reconstruction of the I-35E and Main St. interchange will replace and lengthen freeway entrance and exit ramps, construct traffic signals, and add a center median and turning lanes. The County's portion of the \$22 million project is \$3 million.

Anoka County has taken a leadership role in the region's mass transit initiatives. Northstar, the state's first commuter rail line, became operational in November 2009. A service designed almost exclusively to take people to and from work, Northstar trains were on time 96 percent of the time in the first year of operation. Northstar carries passengers between Big Lake in Sherburne County and downtown Minneapolis, with stops in Elk River, Anoka, Coon Rapids, and Fridley.

The Anoka County-Blaine Airport boasts a first class, fixed-based operation, hangars for corporate and private jets, and additional ramp space for jet parking. The County receives lease payments for hangars and ramp space from the facility's management organization, Key Air Executive Charter and Aircraft Management, and its tenants. In 2010, the Anoka County-Blaine Airport had 11,000 more takeoffs and landings than the previous year and an increase in general sales for the second straight year.

The development of creative partnerships has been a key component of Anoka County's success. The County celebrated the latest example of its collaborative efforts with the January 2010 grand opening of the Anoka County Sheriff's Office and Tri-County Regional Forensic Laboratory. This new facility consolidates the majority of the Sheriff's Office operations, allowing officers to respond to emergencies more quickly and resulting in communication that is more efficient and streamlined. The state of the art forensic laboratory was made possible by a joint powers agreement between Anoka, Wright, and Sherburne Counties. The facility also features a unique agreement with Hamline University in St. Paul to offer practical experience and

*The Regional Forensic Lab opened in January, 2010.*

internships to students studying forensic science.

The Anoka County Midwest Medical Examiner's Office is another example of how Anoka County achieves results with innovative cooperative initiatives. The facility serves and shares costs with 15 Minnesota counties and three Wisconsin counties. It incorporates the latest scientific death investigation methods and tools while compassionately helping families and survivors learn the circumstances surrounding the death of their loved one.

The National Sports Center (NSC) in Blaine boasts the largest indoor ice skating and outdoor soccer venue in the world and attracts more than four million visitors each year. The NSC is the home training center for the USA Women's Olympic Hockey team and also hosts the world's largest international soccer tournament, the Schwan's USA Cup.

**ANOKA COUNTY'S RECONCILIATION OF THE GOVERNMENTAL FUNDS  
BALANCE SHEET TO THE STATEMENT OF NET ASSETS  
DECEMBER 31, 2010**

**EXHIBIT 4**

Total fund balances for governmental funds (Exhibit 3)	\$	145,141,585
Total net assets reported for governmental activities in the statement of net assets is different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		643,065,334
Deferred charges are not available to pay current expenditures and, therefore, are not deferred in the funds.		3,053,543
An internal service fund is used by the County to charge the cost of insurance to the individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net assets.		(390,202)
Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities.		
Bonds and notes payable - net of premium and discount	\$	(225,711,394)
Compensated absences		(9,718,268)
Other postemployment benefits		(12,421,789)
Capital leases payable		(703,449)
Total long term liabilities		(248,554,900)
Matured interest payable is not due and payable in the current period and therefore, is not reported on the fund statements.		(3,686,446)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		10,018,816
Net assets of governmental activities (Exhibit 1)	<b>\$</b>	<b>548,647,730</b>

**ANOKA COUNTY'S RECONCILIATION OF THE STATEMENT OF REVENUES,  
EXPENDITURES, AND CHANGES IN FUND BALANCES OF  
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED DECEMBER 31, 2010**

**EXHIBIT 6**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds (Exhibit 5) \$ 1,725,274

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense.

Expenditures for general capital assets, infrastructure, and other related capital assets adjustment	\$ 61,090,498	
Current year depreciation	<u>(13,383,134)</u>	
		47,707,364

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Debt issued:		
General obligation (GO) bonds and notes	\$ (7,460,000)	
Refunding general obligation (GO) bonds	(1,930,000)	
Payment of refunded bonds	1,845,000	
Principal repayments:		
Debt service principal retirement	21,322,184	
Issuance costs, discounts, and premiums	126,183	
Current year amortization of issuance costs, discounts, and premiums	<u>(34,990)</u>	
		13,868,377

The effect of various miscellaneous transactions involving capital assets (e.g., sales, trade-ins, transfers and retirements) is to decrease net assets. (5,350,379)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds. Earned but unavailable portion of deferred revenue reported in the governmental funds net of current year delinquent tax collections. 878,442

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This includes the change in compensated absences (\$368,517), change in interest payable (\$-62,888), and changes in inventories (\$235,361). 540,990

Current year net change in other postemployment benefits (OPEB) obligation. (1,394,769)

An internal service fund is used to charge the insurance costs to the individual funds. The increase in net assets of the internal service fund is reported in the government-wide statement of activities. (478,269)

Changes in net assets of governmental activities (Exhibit 2) \$ 57,497,030

## **FUTURE PROJECTS, CAPITAL IMPROVEMENTS FUNDING**

Several important maintenance projects and building and equipment upgrades are included in Anoka County's 2011 Capital Improvements Budget (CIB). The Government Center elevators will receive a \$450,000 renovation in addition to a \$400,000 upgrade to Information Technology's server room system. Another \$660,000 will fund carpet replacement at the government center and roof replacement at the Lino Lakes juvenile facility; renovation of the Law Enforcement Training Center Range; and development of a countywide space master plan.

A \$600,000 Library CIB allocation will fund a new roof for the Johnsville branch library along with several projects related to siting the new St. Francis branch library.

The 2011 CIB includes several highway projects including CSAH 14 from Crane

St. to Ulysses St.; CSAH 116 (Bunker Lake Blvd.) from Sunfish Blvd. to Thurston Ave.; and several Highway Safety Improvement Program signal reconstruction projects. The three projects total \$36.5 million, nearly 70 percent of which is being funded with state, federal, and municipal dollars. The CIB includes an additional \$2 million in road projects and \$11.2 million in annual overlay projects, bridge replacements, and Highway Department building expansion.

Anoka County will fund nine Information Technology projects totaling \$5.6 million in the 2011 CIB. Anoka County's share of the "Connect Anoka County" broadband stimulus project is \$3.5 million. The remaining \$2.1 million will fund projects that will assist County departments collect and analyze data.

The Parks and Recreation Department will replace several large vehicles and equipment with a \$365,000 allocation from the 2011 CIB.

**DELIVERY OF SERVICES**

The Board of Commissioners is committed to continuing to provide a full range of services for county residents. Those services are as listed:

**Law Enforcement-** The Sheriff provides patrol of county highways, a crime lab and criminal investigation unit, water patrol and incarceration of prisoners in the county jail facility.

**Public Works-** The Highway Department plans, designs, builds and maintains county highways and bridges. The Parks and Recreation Department operates several county and regional parks, a golf course and an aquatic center which provide recreational opportunities for county residents.

**Library Services-** Two main resource libraries along with several regional and neighborhood branch libraries offer all residents the opportunity for access to a wide range of books and resource materials.

**Community Corrections-** Probation and parole counseling, work release, adult DWI school and juvenile detention services are provided to those who have been adjudicated of crimes.

**Property Records and Taxation-** The county maintains records of all property transactions, calculates assessed property value and bills and collects property taxes

for the county, cities, townships, schools and special taxing districts within the county.

**Legal Services-** The County Attorney's Office investigates and prosecutes civil and criminal matters and pursues judgements of paternity and support in child support cases. Legal support is also provided in all county business functions.

**Human Services-** The Income Maintenance Department (renamed Economic Assistance Department in 2011) determines eligibility for cash assistance, medical care and food stamps. Social Services and Mental Health purchase and provide services for the mentally ill, mentally retarded and chemically dependent and provide adoptive and foster care services. Public Health provides services for pregnant teens, new parents, the elderly who require home care and well-child clinics to promote healthier children.

**Other Government Services-** Services to veterans, election services, voter registration, selling license plates and tabs and hunting and fishing licenses are all provided to residents under the Government Services Division. The county's Central Communications unit operates a state-of-the-art 911 emergency dispatch center for all police, fire and medical emergency needs in the county.

**Administrative Services-** Support services are provided to the other departments by County Administration, the Finance and Central Services Division, Information Services and Human Resources departments.

Anoka County has been able to provide all of the above services, and more, and still maintains one of the lowest per capita county tax burdens in the state. A key factor is Anoka County's commitment to controlling the county's property tax levy. This factor shows that Anoka County is a leader in providing government services to its constituents, while keeping the cost of those services affordable. The County Board's attention to the fiscal affairs of the County is directly responsible for these cost controls.

# MAJOR RECIPIENTS OF ANOKA COUNTY EXPENDITURES

The following is a list of the recipients of Anoka County primary government expenditures totaling \$5,000 or more (rounded to the nearest dollar) during 2010. The list does not include salaries paid to county employees nor does it include individuals who received Federal, State, or County Human Service Aid. The list of blended component units follows this list.
