Young Children and Challenging Behaviors
Teaching Social Skills for Successful Relationships

This companion training, conducted by Shannon Dufresne, an Early Childhood Family Education teacher, is offered for all early childhood professionals. What comes next after identifying challenging behavior and the purpose of the behavior? Creating opportunities to teach children the social skills needed to have successful relationships with peers, parents, and caregivers. As children acquire positive social skills, challenging behaviors transfer into positive behaviors. You will leave this class with practical tools for guiding young children toward social and emotional growth.
