2018 Anoka County Board of Commissioners

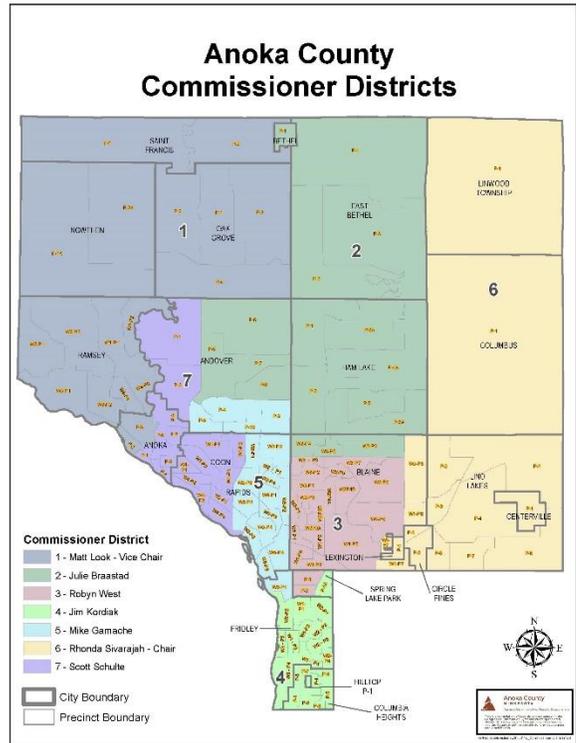

A seven-member board of commissioners governs Anoka County. Each serves a staggered four-year term.

- District 1 – Matt Look
- District 2 – Julie Braastad*
- District 3 – Robyn West
- District 4 – James A. Kordiak*
- District 5 – Mike Gamache*
- District 6 – Rhonda Sivarajah, Chair
- District 7 – Scott Schulte

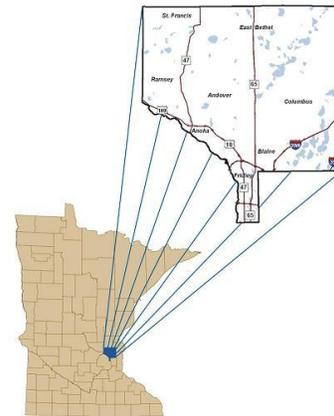

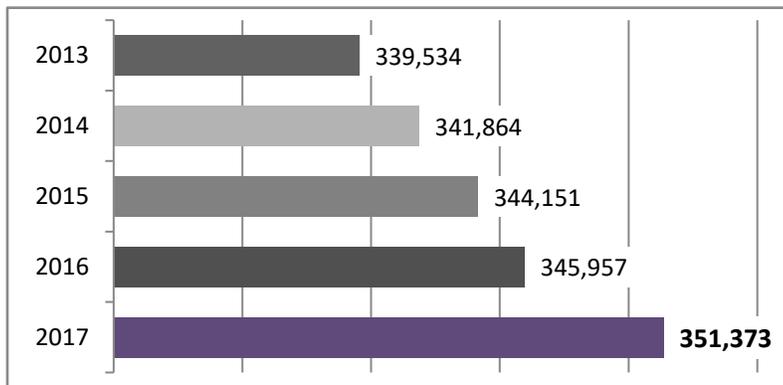

**Community Corrections Advisory Board*

The County Board’s role relative to Community Corrections is:

1. To determine, establish, continue, modify and terminate Anoka County correctional services and programs.
2. Establish the budget for the Community Corrections Department.
3. Approve and authorize the implementation of the annual comprehensive plans.
4. Ensure compliance with the provision of the Community Corrections Act.
5. Establish all matters of policy in relation to correctional services under its authority.

Anoka County Population Growth

440 square miles
20 cities and 1 township
4th most populous county
in Minnesota

Source: US Census Bureau: Population Estimates Program

2018 Community Corrections Advisory Board

The Anoka County Community Corrections Advisory Board involves citizens in the correctional planning for Anoka County through a citizen advisory board. The role of the advisory board is to:

1. Identify the correctional needs and issues of Anoka County; establish priorities among them; and develop task forces to research and study the needs and issues.
2. Recommend programs and facilities to meet the correctional needs and issues in Anoka County.
3. Recommend a budget to meet correctional objectives.
4. Evaluate correctional programs on an ongoing basis.
5. Present the annual comprehensive plan to the Anoka County Board for approval and implementation by the Community Corrections Department.
6. Promote the comprehensive plan to the community.

2018 East Central Regional Juvenile Center Advisory Committee

As outlined in the East Central Regional Juvenile Center Joint Powers Agreement, the board of commissioners of each member county shall appoint two persons to participate on an advisory committee and act as liaisons with the other member counties. The advisory committee serves in an advisory capacity and not a joint powers board under Minn. Stat. § 471.59. Advisory committee members primarily consist of one county commissioner and one county director from each member county.

The duties of the advisory committee are to:

1. Review and comment on Anoka County's proposed annual facility operating budget and per diem charges prior to adoption by the Anoka County Board of Commissioners.
2. Assist in and review the ongoing coordination of the use of the facility including bed usage and bed allocation.
3. Assist in and review the development of the programs offered at the facility; and
4. Assist in other matters relating to the facility as requested by Anoka County.

Adult Court Pre-Sentence Investigation Unit

The Adult Court Pre-Sentence Investigation (PSI) unit has 14 probation officers.

- 6.0 FTE felony probation officers complete criminal record checks, pre-sentence investigations, and appear in court on felony revocation hearings, along with .25 temporary staff.
- 3.0 FTE probation officers complete Rule 25 chemical dependency assessments.
- 6.0 FTE misdemeanor probation officers complete alcohol problem assessments, short-form background investigations for domestic abuse and other misdemeanor offenses, felony diversion assessments. Misdemeanor probation officers also do record checks, appear in court for probation revocation hearings, monitor compliance with specific conditions, and provide backup to the one probation officer who does bail evaluations.

Pre-Sentence Investigations provide background information and sentencing recommendations for many adult cases.

Educational Programming

Adult Offender Supervision

Anoka County Corrections manages adult offenders court-ordered to probation supervision and on supervised release from prison. Adult supervision services and the Workhouse facility are located at the Rum River Human Service Center campus in Anoka.

Adult offenders are supervised according to their risk to reoffend or unique case circumstances. Moderate and high-risk offenders generally receive more intensive services from an individual probation officer while lower risk offenders are managed by a team of officers in a group reporting format at the Probation Service Center. Probation officers hold offenders accountable to supervision conditions utilizing research-based strategies to manage risk and promote change.

All felony level offenders are assessed for risk and individual programming needs using the Level of Service-Case Management Inventory (LS/CMI). This tool assists probation officers with case management planning by evaluating risk factors including criminal history, education, employment, peer relationships, chemical abuse, and attitudes.

Traditional and Enhanced Field Supervision

Higher risk offenders are assigned to an individual probation officer in the Traditional or Enhanced Unit based on community risk and individual needs. Probation officers' complete office and community contacts, develop offender supervision case plans, monitor conditions and respond to non-compliance. The Traditional Unit is comprised of nine probation officers. The Enhanced Unit includes three intensive supervision officers, two pre-trial specialists, a DUI offender specialist and three Intensive Supervised Release (ISR) agents. ISR agents manage the highest risk offenders released from prison including violent and predatory offenders. One probation officer manages the IDAPP domestic assault pre-trial program.

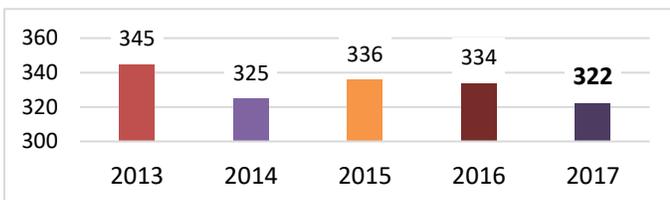

Sex Offender & Domestic Abuse

Eight specialized probation officers provide intensive supervision to the majority of sexual and repeat domestic assault offenders in Anoka County.

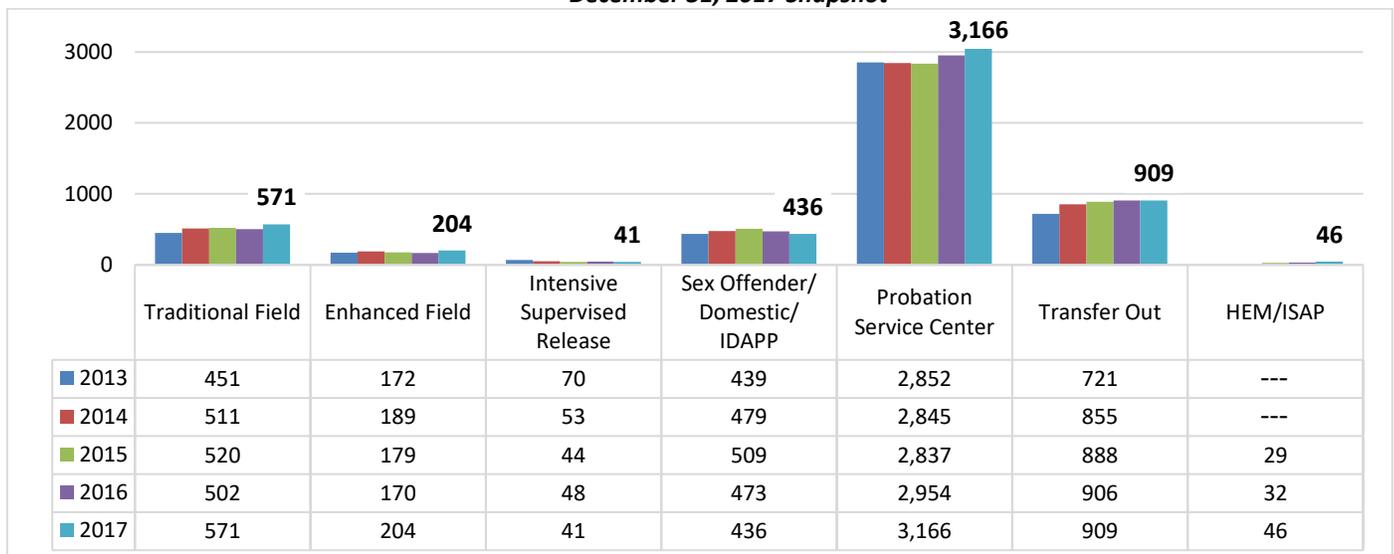

Probation Service Center (PSC)

Lower risk offenders typically require fewer supervision services. These cases are assigned to the PSC and supervised by a team of probation officers, each responsible for specific case management functions. The PSC is currently being reorganized allowing increased supervision for medium-risk offenders. The UA lab is managed by PSC staff.

Total Number of Participants in Steering Clear

In March 2014, the ROP program transitioned to a new program called Steering Clear.

Probation Service Center (PSC)

The Probation Service Center (PSC) manages the largest caseload of adult offenders supervised by Anoka County Corrections. The unit is staffed by a supervisor and 10 probation officers.

The PSC caseload is comprised primarily of medium and lower risk offenders determined by risk assessment or supervision adjustment. Some cases are assigned directly to PSC from sentencing based on assessment or offense and supervision condition criteria. Other cases transition to this lower supervision level from traditional or enhanced field supervision based on risk reduction and positive adjustment.

PSC supervision emphasizes condition monitoring and compliance with approximately half of the caseload required to report in-person, the remainder is supervised on low contact status.

Probation officers use a team approach and technology to manage this large challenging caseload. Agents share the traditional supervision responsibilities of an individual probation officer including reviewing cases, meeting with clients, preparing reports and covering court hearings.

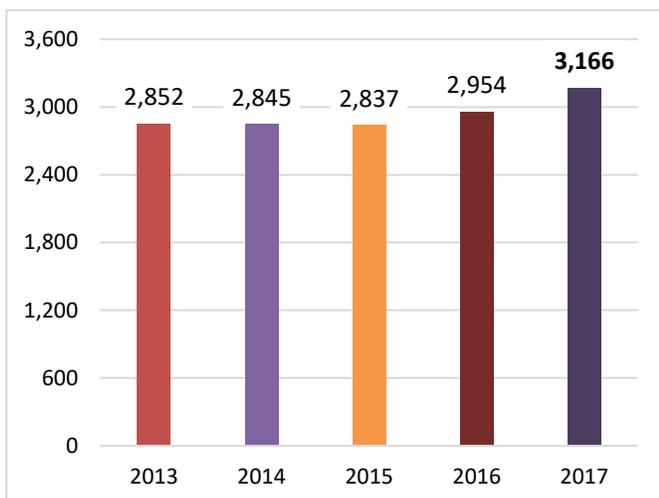

This snapshot represents offenders who reside in Anoka County. In addition, PSC monitors 909 offenders who reside outside of Anoka County and who are supervised by their home county.

The CSTS case management database assists officers with organization, tracking case status changes, and documentation.

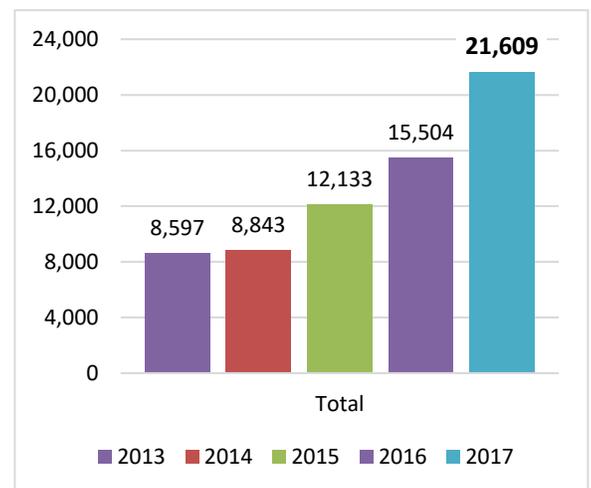

The PSC “reporting center” supervision model was developed by Anoka County Corrections in the late 1980’s and replicated across the state. The model has enabled agencies to more effectively manage large volume caseloads of appropriately identified offenders with limited resources. In 2018, Anoka County Corrections will complete a redesign of this unit improving case management for certain offenders and increasing efficiencies with technology. The new model enhances supervision for medium risk and more problematic offenders.

The PSC unit is also responsible for the transfer of adult offenders sentenced in Anoka County but live in another jurisdiction. Two transfer liaison agents manage this task. Three PSC staff manage the department’s UA collection lab.

Sex Offender & Domestic Abuse

In January 2005, probation officers with specialized caseloads of adult sex offenders and domestic abuse offenders merged to form one unit. Five full-time probation officers currently manage the supervision of 289 sex offenders. Three full-time officers supervise approximately 163 domestic abuse offenders.

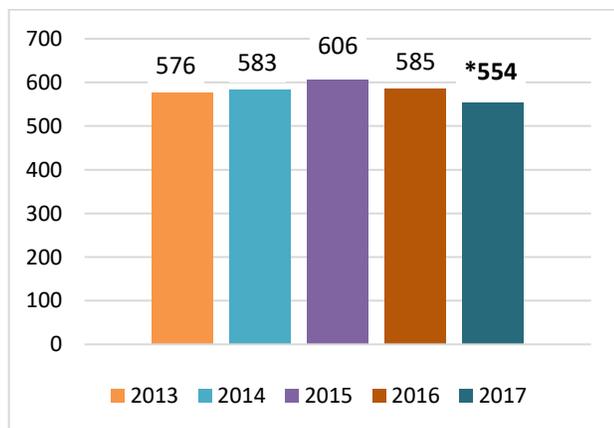

Sex Offender Supervision: Anoka County Corrections developed a specialized adult sex offender unit in October 2000. The unit is primarily funded through an enhanced sex supervision grant from the Minnesota Department of Corrections. All sex offender probation officers receive ongoing specialized training on community supervision and treatment of sexual offenders. Probation officers work collaboratively with law enforcement, social workers, treatment providers, polygraph examiners and mental health professionals in the management of these offenders.

The unit supervises both sex offenders on probation and supervised release from prison. All offenders are

closely monitored in the community and often seen at their homes or places of employment. Most are required to register their addresses, employment and all vehicles they operate with the Bureau of Criminal Apprehension (BCA). A part-time surveillance officer assists probation officers in completing random community contacts and drug testing. All offenders are all subject to specialized supervision rules, polygraph testing, sex offender treatment programming, and group supervision meetings.

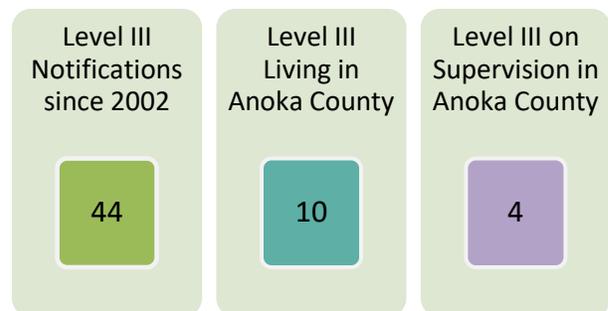

Domestic Abuse Supervision: Offenders convicted of repeat domestic assaults or assessed as high risk are assigned to specialized probation officers. Domestic abuse probation officers are highly trained and work closely with victims, community treatment providers, social services, and law enforcement. The majority of offenders must complete intensive treatment and are restricted from contact with victims. All are subject to random home and employment visits and drug testing.

Adult & Juvenile Registered Sex Offenders Residing in Anoka County

Anoka County Level III Notifications

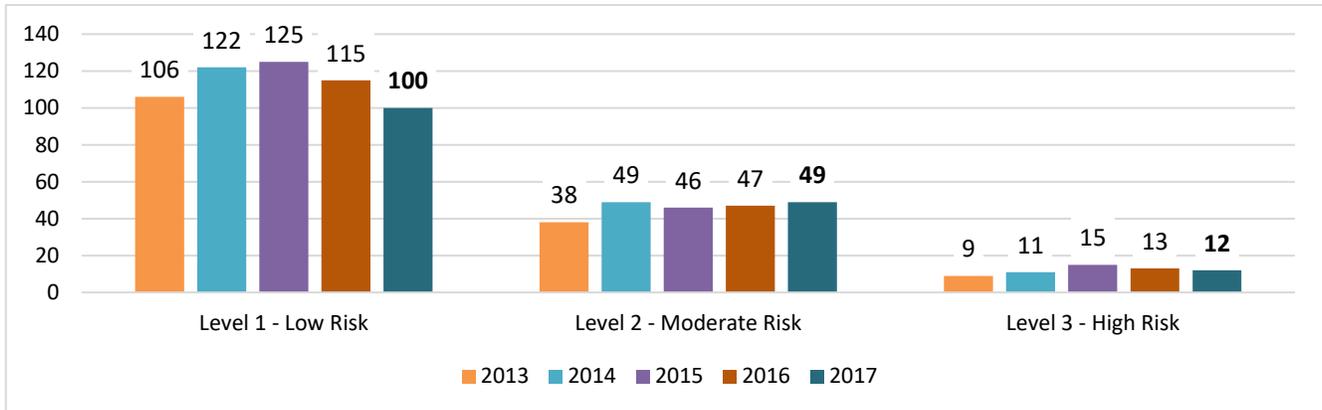

Snapshot 3/30/2018

**Does not include an additional 441 Offenders incarcerated in the state prison at Lino Lakes and in Anoka County jail facilities. There are some sex offenders who are registered living in Anoka County, but no longer under supervision.*

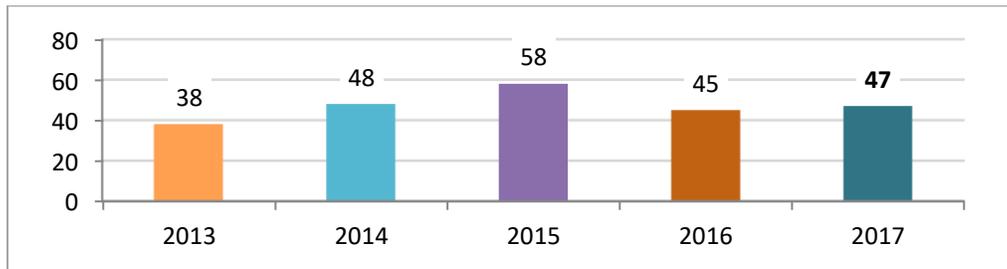

Sex Offender & Domestic Abuse

Risk Levels of Sex Offenders that have been Released from Prison and Reside in Anoka County¹

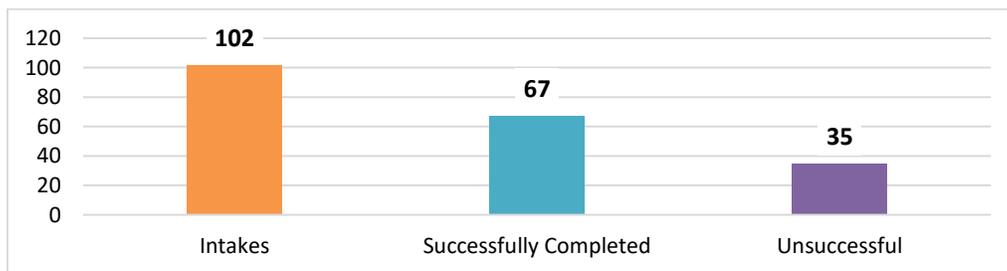

Sex Offender / Pre-Sentence Investigation (PSI) Totals

Sex offender pre-sentence investigations are very detailed and take a considerable amount of time and energy to complete. In addition, as each offender that is sentenced is placed on a specified term of conditional release, sex offender caseloads are expected to continue to increase each year for the foreseeable future.

Number of Persons in the 2017 Intensive Domestic Assault Pre-trial Program (IDAPP)

The IDAPP program monitors high risk pre-trial offenders charged with domestic violence crimes. Monitoring tools include electronic monitoring, GPS monitoring, and breath and urine testing. Random home visits are also performed.

Days served 3,945 Average daily population 10.8 Average number of days served 33.71

Community Work Service / Restitution

Three case managers monitor adult and juvenile offender condition compliance in holding the offender accountable to the court. Case managers meet with adult and juvenile offenders after sentencing and interview them to determine their appropriateness for being placed at a non-profit organization to do their community service. The unit recruits and coordinates with approximately 200 non-profit work sites. Community Work Service provides a restorative justice option and fine alternative for low level and indigent offenders.

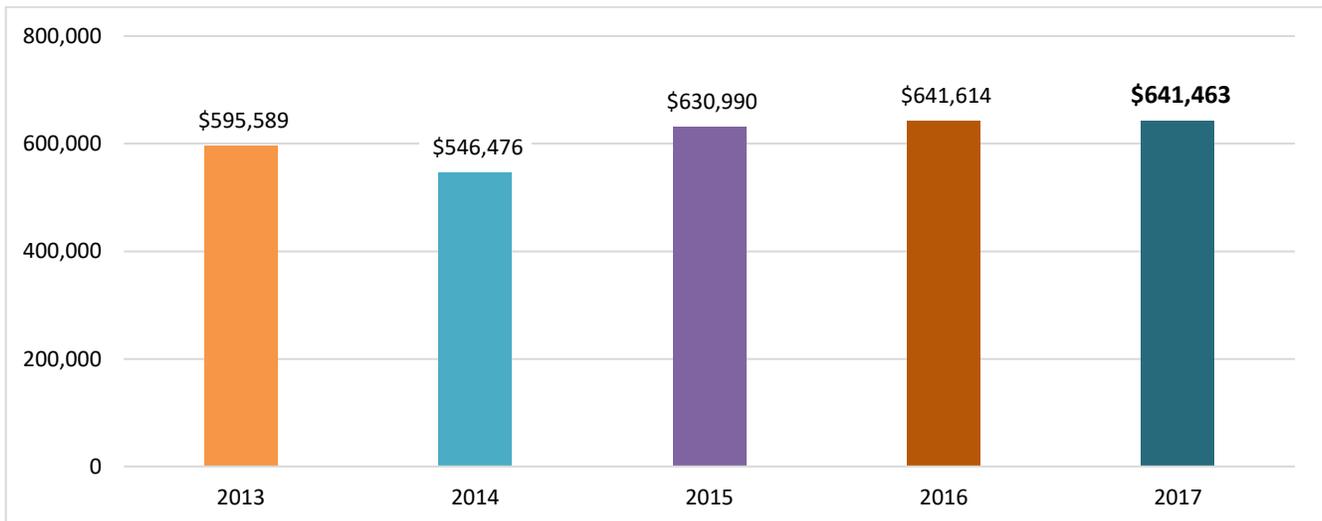

Community Work Service Hours Completed – Adult¹

Community Work Service Hours Completed – Juvenile²

Restitution Collected Felony, Gross Misdemeanor and Misdemeanor Adult and Juvenile Combined³

**Does not include wrongfully obtaining public assistance restitution.*

¹ Some offenders do not complete community work service because they are given an option of paying a fine in lieu of doing the community service work.

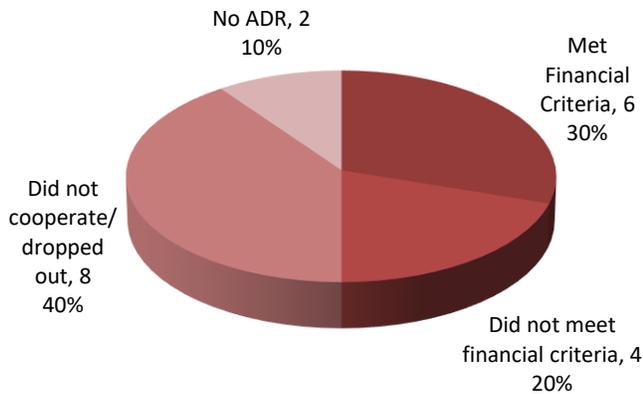

² Query looked for condition end date in the year query is run. Hours may not have been completed in the year the query is run.

³ Restitution transferred to Clerk of Court in June 2005.

Prison Rape Elimination Act (PREA)

Reported Incidents at the Anoka County Workhouse

The Prison Rape Elimination Act (PREA) is a federal law and series of mandated standards addressing prevention, detection, and reduction of sexual abuse or misconduct in correctional institutions. Anoka County Corrections maintains a zero-tolerance policy for any form of sexual behavior, sexual harassment, or sexual misconduct involving inmate-on-inmate or staff-on-inmate. Staff includes all employees, volunteers, official visitors, and contracted staff. All reported incidents of sexual behavior are thoroughly investigated.

In 2017, the following incidents were reported at the Anoka County Workhouse:

One (1) Reported Incident	Outcome
1 inmate-on-inmate sexual harassment allegation	1 unsubstantiated

Juvenile Probation Supervision

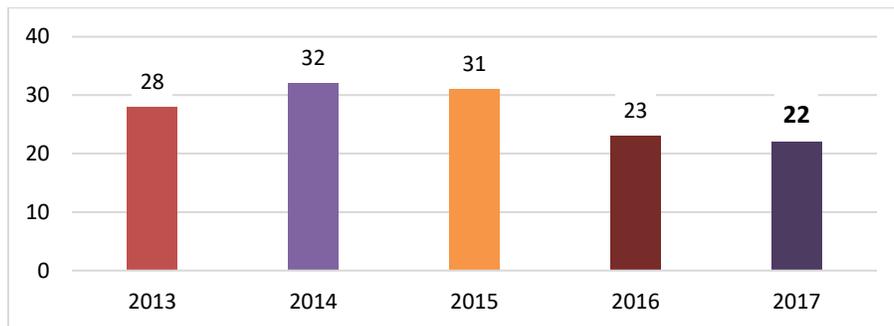

The Juvenile Field Supervision Unit supervises Anoka County residents who are adjudicated delinquent and placed on court-ordered supervision. Offenders who are deemed to be high-risk, as determined by the YLS/CMI assessment tool, are assigned to the Juvenile Intensive Unit; while medium- to low-offenders are assigned to generalist supervision or ProJPC for condition monitoring.

Within the Juvenile Intensive Unit, there are four specialized caseloads:

1. Extended Juvenile Jurisdiction (EJJ), cases supervised by one (1) probation officer who is presently supervising 16 cases of which 10 are EJJ designated.
 - The EJJ caseload had three (3) clients released successfully from probation during 2017.
 - There were two (2) clients that had their EJJ status revoked in 2017.
2. Sex specific caseload, which has two (2) staff assigned supervising approximately 34 total cases.
3. Intensive supervision caseload, which has four (4) staff assigned supervising approximately 19 cases each.
4. The medium and low supervision cases are monitored by 3.8 regular staff.

Anoka County Secure (ACS) Juvenile

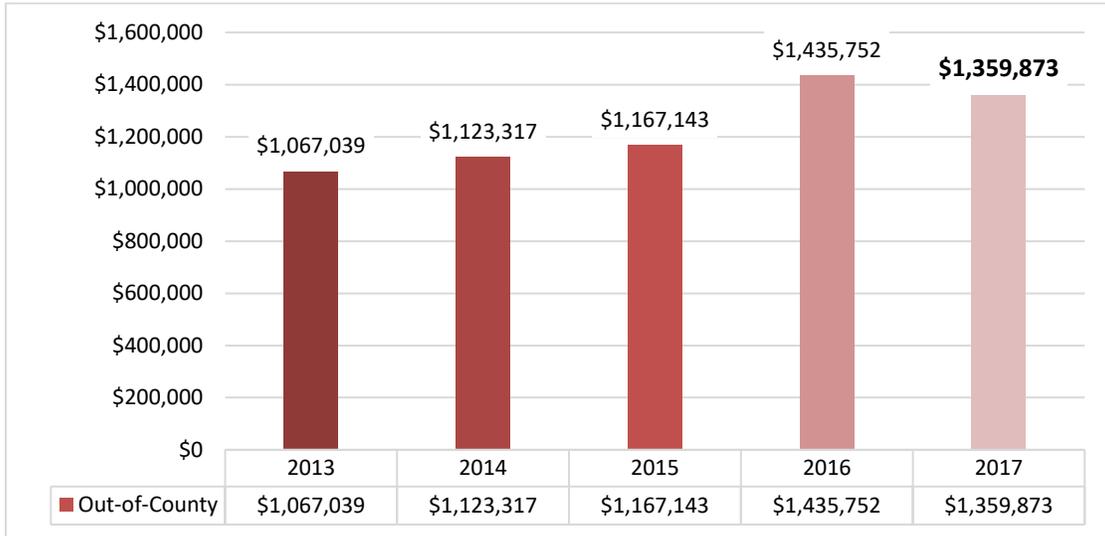

2017 Highlights and Accomplishments

- Completed Federal PREA Audit.
- Full-time Staff Changes in the ACS Team:
 - 1 Program Coordinator
 - 3 Juvenile Probation Officers
 - 3 Juvenile Detention Officers
- Conversion/hiring of part-time staff to full-time positions to less the dependency on the use of part-time staff coverage.
 - 3 Assistant Probation Officers
 - 2 Juvenile Detention Officers
- Successfully completed semi-annual MN DOC on-site licensing inspection for the Sex Specific Program.
- Four staff were trained as facilitators of Decision Points. A cognitive curriculum that was then implemented with residents at ACS.
- Continued partnership with ACRES for Life for summer programming.
- Identified replacement plan for current facility locks, cameras, and video recording. Additional work will be completed 2018 for install early 2019. This is a large-scale project.

Total ESS Calls

In the past two years, many significant legislative mandates changed the role and delivery model of afterhours emergency social services in Minnesota. The two primary areas include Adult Protection and Child Protection. The Adult Protection services are triaged through a point of contact number for all cases. Child Protection cases are handled through a contracted provider for Anoka County in order to meet the legislative mandates effective January 1, 2017.

2017 Highlights and Accomplishments

Children's Mental Health Assessment Program

The Juvenile Center Mental Health Program provides the following:

- Mental health services to all youth at the Anoka County Juvenile Center (ACJC).
- Case management mental health training and consultation for staff and community based agents.

The Juvenile Center Mental Health Program primarily has consisted of the following three resident components:

- Mental Health Early Intervention Screening completed on all Anoka County youth entering all three residential programs at the Anoka County Juvenile Center.
- Psychological Evaluations:
 - Completed for youth participating in the 28 Day Assessment Program at the Non-Secure Program.
 - Completed for Anoka County youth who are uninsured/underinsured when referred by their probation officer or social worker.
 - Mental Health Diagnostic Assessments provide social workers and probation officers written documentation of provisional mental health diagnoses and related recommendations.
 - Funding for these services is provided in part by the MN Department of Human Services Child Welfare/Juvenile Justice Screening Grant.
 - 2017 is the second year that no referrals were made for a psychological evaluation for a youth that is uninsured/underinsured. This is a continued result of an increase in insured youth in the county as well as referring agents' ability to refer for psychological evaluations through their contracted service providers.

2017 was the first full year the Mental Health Coordinator position was restored back to full time status. The following initiatives were completed because of increased mental health resources and support:

- Facilitated Juvenile Center staff training on improving Staff Resiliency.
- Facilitated Juvenile Field and Court Services staff training on improving Staff Resiliency.
- Provided mental health information and resources to staff on the ACJC intranet and shared drives.
- Facilitated Coping Skills Groups to residents in three long-term court ordered programs in ACS and NSP and one short-term group in NSP over the summer.
- In the fall of 2017, the Juvenile Center made a focused effort in increasing family engagement for the residents. Focus has been on addressing the barriers to family engagement in facility programming and increasing parent/guardian engagement in Parent-Teacher Conferences at Pines School. Funding for these services were obtained through the Student and Family Engagement (SAFE) Grant via the Anoka County Children and Family Council.

2017			
Mental Health Early Intervention Screening	Psychological Evaluations		Mental Health Diagnostic Assessment
	NSP 28 Day Program	Uninsured/Underinsured Anoka County Youth	
789 youth	34 youth	0 youth	1 youth

226 females	20 females	0 female	1 female
368 minorities (not including Hispanic)	13 minorities (including Hispanic)	0 minority (including Hispanic)	1 minority (including Hispanic)

Pines School – 2017 Update

After operating the Pines School since 1977, On February 28, 2012 the Anoka County Board of Commissioners discussed, recommended, and approved to withdraw from the Pines School joint powers agreement between Anoka County and the Centennial School District #12 to oversee all school related operations.

Beginning July 1, 2012, the Centennial School District began oversight, operation, and governance of all educational services at Pines School located at the Juvenile Center. Collaborative teams were established to address a multitude of transitional issues including budget, staff, assets, network lines, operational and procedural protocols.

Beginning July 1, 2014, Centennial School District expanded educational operations at the Juvenile Center with additional classroom, office, and storage space. Pines School bussed student capacity at the Juvenile Center increased from 24 to 48 for the 2014-2016 academic school years.

There have been three leadership changes at the Pines School since the Corrections Department turned over governance to Centennial High School. The precipitating factor in these leadership changes was the retirement of the first Director of Alternative Programs. Since July 1, 2016, Pines School has had the same director and lead teacher in these leadership positions which has had a positive impact on program consistency and development.

Pines “Day Program” Average Registered Students (Non-Residential)

Annual Average Daily Student Registrations	2013-2014	2014-2015	2015-2016	2016-2017

Referring Agent, Parent, and Youth Surveys completed in 2017.	
Surveys completed	Referring Agents Response
10	100% of the agents who completed the survey believe their clients are placed in a safe environment. 86% of the agents felt their clients received appropriate medical, dental, and mental health care.
Surveys completed	Parents Response
110	96% of the parents surveyed felt their child received basic needs, including food, shelter, recreation, and schooling. Over 90% of the parents felt their child was placed in a safe environment. 77% of the parents felt that their child’s behavior improved while in the program and had a positive impact on the youth’s ability to be successful.
Surveys completed	Resident Response
163	92% of residents surveyed felt their physical and emotional needs were being met. 88% of the residents that completed surveys were 15-18 years of age. 93% felt safe while in placement and 86% felt that living at RJC had a positive impact on their ability to succeed.

East Central Regional Juvenile Center(RJC) 2017 Short-Term Treatment Risk/Change Elements

Criminogenic Risk Scale:

- 7.0 Scale of Criminogenic Risks – 7.0 = HIGH
 - Resident admission average score = 4.05
 - Resident discharge average score = 3.25
- Residents’ criminogenic risks are reduced during RJC programming

Motivation to Change Scale:

- Motivation “to change” score is scaled at 10.0 = HIGH and 1.0 LOW
 - Average resident admission motivation to change score = 7.25
 - Average resident discharge motivation to change score = 8.56
- Confidence Score – 10.0 = high belief in making the change and 1 = low belief in making the change
 - Average resident admission confidence in change score = 7.38
 - Average resident discharge confidence in change score = 8.62
