These positions will be in customized living apartments or homes located in the Minneapolis area where you will be working with clients who are diagnosed with chemical dependency and mental illness. You will take clients out for activities such as bowling, movies, walks around the lakes or out for coffee to name a few. Staff are also involved with meal planning, meal preparation, light housekeeping, laundry and medication administration. Our clients do not require any hands-on care and are very independent as far as hygiene & grooming. They do require cuing, reminders and overall supervision.

As a privately owned company, our culture tends to be family oriented and our employees stay with us a long time. Friendships formed through the workplace enhance and motivate our employees to perform at their peak and have a healthy company mindset.
