# 2016 Anoka County Board of Commissioners

A seven-member board of commissioners governs Anoka County. Each serves a staggered four-year term.

District 1 – Matt Look

District 2 – Julie Braastad\*

District 3 – Robyn West

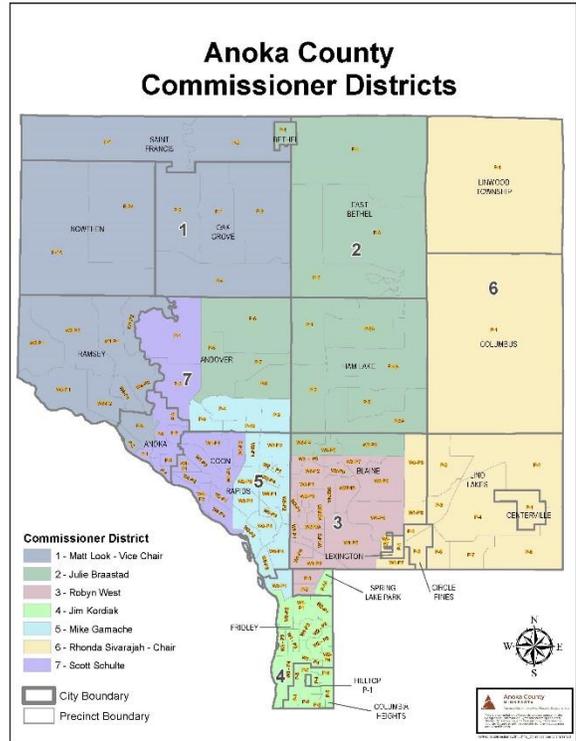

District 4 – James A. Kordiak

District 5 – Mike Gamache\*

District 6 – Rhonda Sivarajah, Chair

District 7 – Scott Schulte\*

*\*Community Corrections Advisory Board*

The County Board’s role relative to Community Corrections is:

1. To determine, establish, continue, modify and terminate Anoka County correctional services and programs.
2. Establish the budget for the Community Corrections Department.
3. Approve and authorize the implementation of the annual comprehensive plans.
4. Ensure compliance with the provision of the Community Corrections Act.
5. Establish all matters of policy in relation to correctional services under its authority.

## 2016 Community Corrections Advisory Board

The Anoka County Community Corrections Advisory Board involves citizens in the correctional planning for Anoka County through a citizen advisory board. The role of the advisory board is to:

1. Identify the correctional needs and issues of Anoka County; establish priorities among them; and develop task forces to research and study the needs and issues.
2. Review task force findings; and recommend programs and facilities to meet the correctional needs and issues in Anoka County.
3. Plan and recommend a budget to meet correctional objectives.
4. Evaluate correctional programs on an ongoing basis.
5. Present the annual comprehensive plan to the Anoka County Board for approval and implementation by the Community Corrections Department.
6. Promote the comprehensive plan to the community.

## 2016 East Central Regional Juvenile Center Advisory Committee

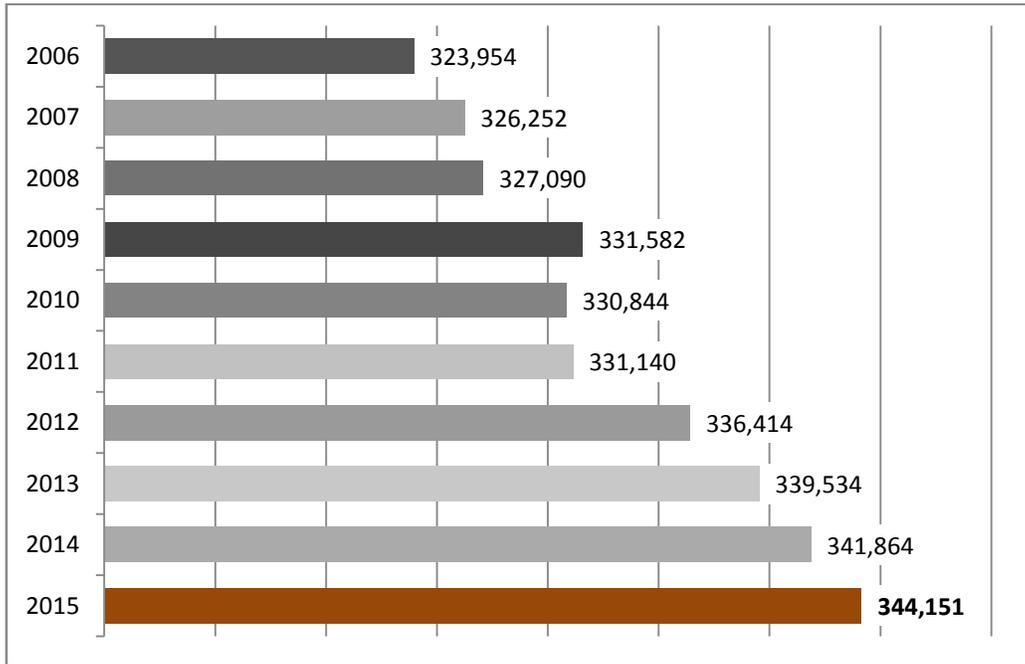

As outlined in the East Central Regional Juvenile Center Joint Powers Agreement, the board of commissioners of each member county shall appoint two persons to participate on an advisory committee and act as liaisons with the other member counties. The advisory committee serves in an advisory capacity and not a joint powers board under Minn. Stat. § 471.59. Advisory committee members primarily consist of one county commissioner and one county director from each member county.

The duties of the advisory committee are to:

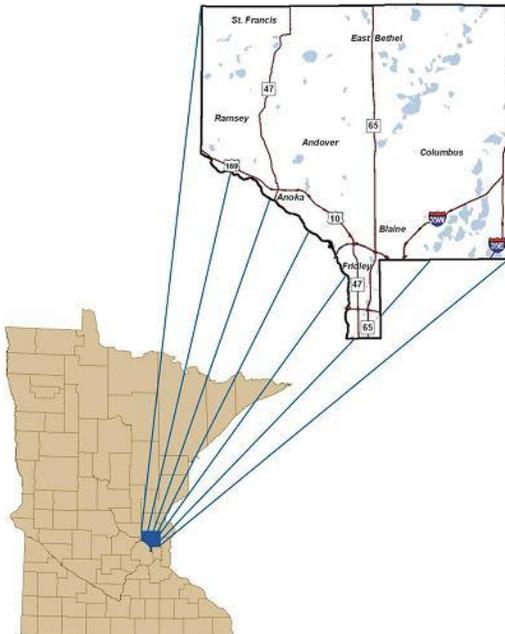

1. Review and comment on Anoka County's proposed annual facility operating budget and per diem charges prior to adoption by the Anoka County Board of Commissioners.
2. Assist in the ongoing coordination of the use of the facility including bed usage and bed allocation.
3. Assist in the development of the programs offered at the facility; and
4. Assist in other matters relating to the facility as requested by Anoka County.

## Adult Court Pre-Sentence Investigation Unit

The Adult Court Pre-Sentence Investigation (PSI) unit has 14 probation officers.

- 6.0 FTE felony probation officers complete criminal record checks, pre-sentence investigations, and appear in court on felony revocation hearings.
- 1.0 FTE probation officer completes Rule 25 chemical dependency assessments, along with three .5 FTE part-time probation officers.
- 5.0 FTE misdemeanor probation officers complete alcohol problem assessments, short-form background investigations for domestic abuse and other misdemeanor offenses, felony diversion assessments. Misdemeanor probation officers also do record checks, appear in court for probation revocation hearings, monitor compliance with specific conditions, and provide backup to the one probation officer who does bail evaluations.

# Adult Offender Supervision

Anoka County Corrections manages adult offenders court-ordered to probation supervision and on supervised release from prison. Adult supervision services and the Workhouse facility are located at the Rum River Human Service Center campus in the city of Anoka.

Adult offenders are supervised according to their risk to reoffend or unique case circumstances. Moderate and high-risk offenders generally receive more intensive services from an individual probation officer while lower risk offenders are managed by a team of officers in a group reporting format at the Probation Service Center (PSC). Probation officers hold offenders accountable to supervision conditions utilizing research-based strategies to manage risk and promote change.

All felony level offenders are assessed for risk and individual programming needs using the Level of Service-Case Management Inventory (LS/CMI). This tool assists probation officers with case management planning by evaluating risk factors including criminal history, education, employment, peer relationships, chemical abuse, and attitudes.

## Traditional and Enhanced Field Supervision

Higher risk offenders are assigned to an individual probation officer in the Traditional or Enhanced Unit based on community risk and individual needs. Probation officers complete office and community contacts, develop offender supervision case plans, monitor conditions and respond to non-compliance. The Traditional Unit is comprised of eight probation officers. The Enhanced Unit includes three intensive supervision officers, two pre-trial specialists, a DUI offender specialist and three Intensive Supervised Release (ISR) agents. ISR agents manage the highest risk offenders released from prison including violent and predatory offenders.

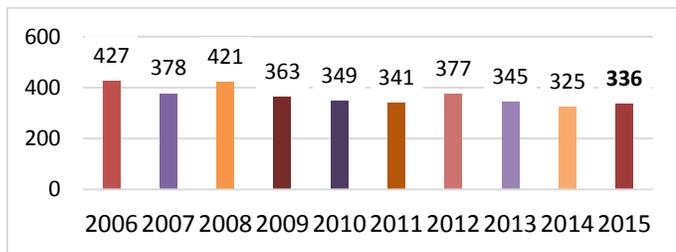

## Sex Offender & Domestic Abuse

Eight specialized probation officers provide intensive supervision to the majority of sexual and repeat domestic assault offenders in Anoka County. One probation officer manages the IDAPP domestic assault pre-trial program.

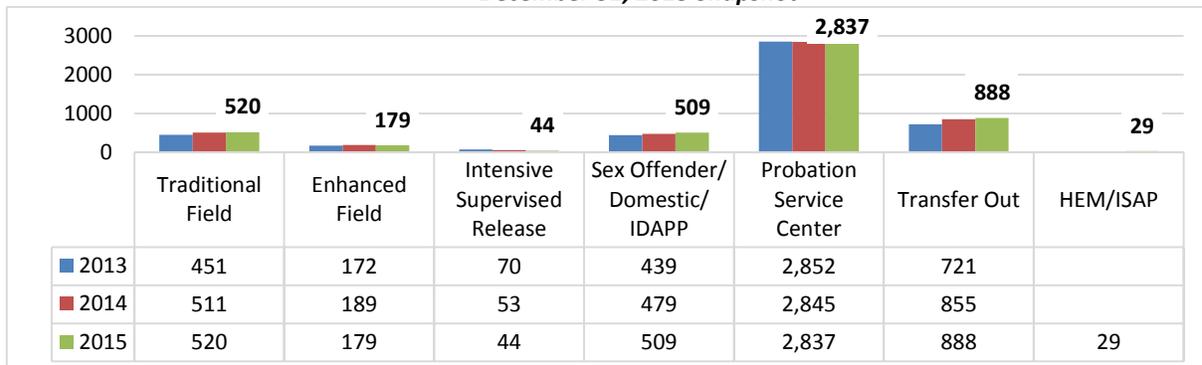

## Probation Service Center (PSC)

Lower risk offenders typically require fewer supervision services. These cases are assigned to the PSC and supervised by a team of probation officers, each responsible for specific case management functions. Offenders in crises/violation situations may be transferred to a PSC medium individual agent for supervision and case plan development. The UA lab is managed by PSC staff.

## Probation Service Center (PSC)

The Probation Service Center (PSC) consists of 8 probation officers, 4 temporary part-time probation officers, and 1 part-time clerk who monitor court conditions for moderate and low-risk offenders.

Probation officers rotate job functions monthly. Felony, diversion, and gross misdemeanor offenders can be scheduled to report for probation sessions four times per year.

Misdemeanor offenders, low risk offenders, or an offender having no open active special conditions of the court to complete are placed on lesser supervision statuses. All cases are reviewed prior to sessions, and each offender will meet with a probation officer at the reporting session. Lesser supervision status offenders are contacted by phone and/or sent letters/formal notices regarding their probation.

Offenders in crises/violation situations may be transferred to a PSC medium individual agent for supervision and case management development.

Two transfer liaison agents manage a large caseload of offenders sentenced in Anoka County, but who reside in another county. Those agents also investigate offenders transferring into the county from out-of-state.

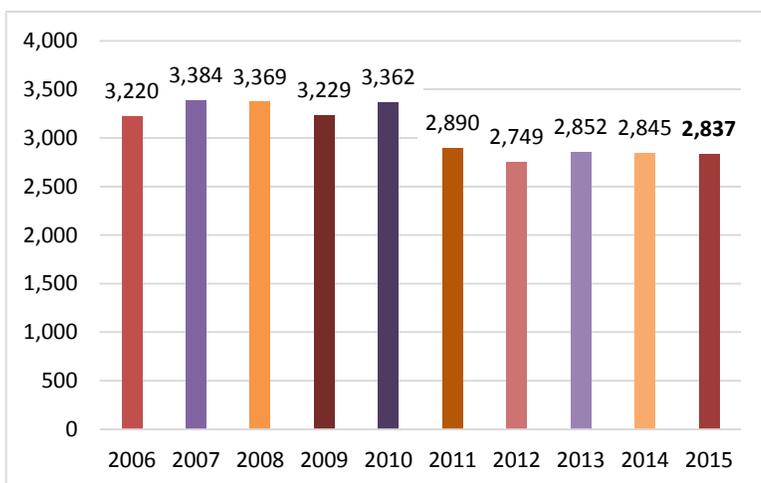

Part-time probation officers provide administrative support to the full-time staff by completing assigned duties. The clerk assists with background checks, filing of documents, computer entry, and other electronic workflow processes.

PSC is responsible to monitor the DWI education program and Riverwood CD program.

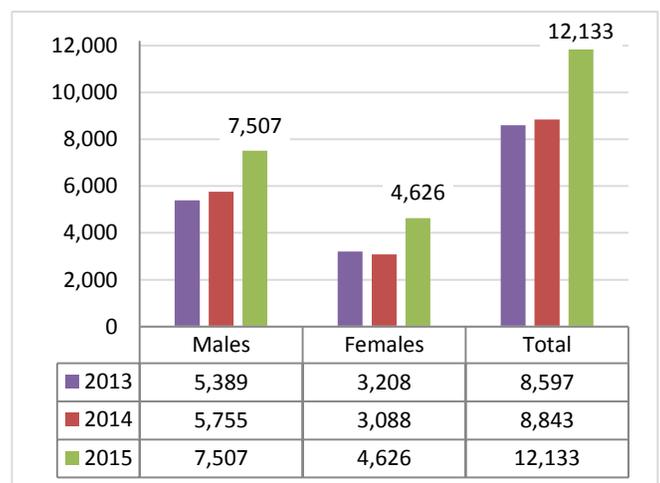

Additionally, a probation officer manages the department's UA collection lab.

*This snapshot represents offenders who reside in Anoka County. In addition, PSC monitors 888 other offenders who reside outside of Anoka County. These are offenders that were sentenced in Anoka County but live in another county. The other county provides the probation supervision.*

## Sex Offender & Domestic Abuse

In January 2005, probation officers with specialized caseloads of adult sex offenders and domestic abuse offenders merged to form one unit. Five full-time probation officers currently manage the supervision of 287 sex offenders. Three full-time officers supervise approximately 184 domestic abuse offenders. In addition, one full-time officer monitors 23 high risk domestic assault pre-trial offenders.

**Sex Offender Supervision:** Anoka County Corrections developed a specialized adult sex offender unit in October 2000. The unit is primarily funded through an enhanced sex supervision grant from the Minnesota Department of Corrections. All sex offender probation officers receive ongoing specialized training on community supervision and treatment of sexual offenders. Probation officers work collaboratively with law enforcement, social workers, treatment providers, polygraph examiners and mental health professionals in the management of these offenders.

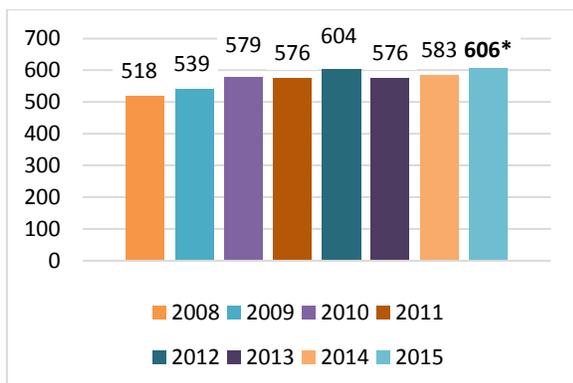

The unit supervises both sex offenders on probation and supervised release from prison. All offenders are closely monitored in the community and often seen at their homes or places of employment. Most are required to register their addresses, employment and all vehicles they operate with the Bureau of

Criminal Apprehension (BCA). A part-time surveillance officer assists probation officers in completing random community contacts and drug testing. All offenders are all subject to specialized supervision rules, polygraph testing, sex offender treatment programming, and group supervision meetings.

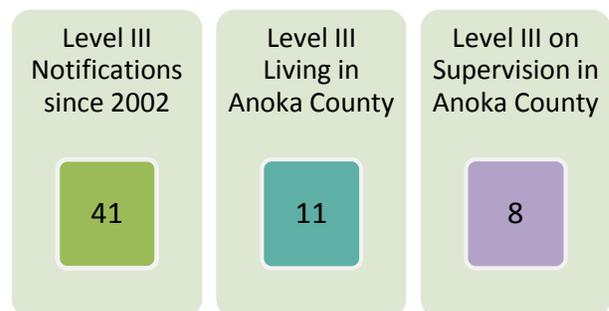

**Domestic Abuse Supervision:** Offenders convicted of repeat domestic assaults or assessed as high risk are assigned to specialized probation officers. Domestic abuse probation officers are highly trained and work closely with victims, community treatment providers, social services, and law enforcement. The majority of offenders must complete intensive treatment and are restricted from contact with victims. All are subject to random home and employment visits and drug testing.

In addition to supervision of probation offenders, this unit includes the Intensive Domestic Assault Pre-Trial Program (IDAPP). The agent assigned to IDAPP handles all program referrals, drug testing, and monitoring of high risk pre-trial offenders charged with domestic violence crimes. Monitoring tools include electronic monitoring, GPS monitoring, and breath and urine testing. Random home visits are also performed with this group of offenders.

Three case managers monitor adult and juvenile offender condition compliance in holding the offender accountable to the court. Case managers meet with adult and juvenile offenders after sentencing and interview them to determine their appropriateness for being placed at a non-profit organization to do their community service. The unit recruits and coordinates with approximately 200 non-profit work sites. Community Work Service provides a restorative justice option and fine alternative for low level and indigent offenders.

# Juvenile Probation Supervision

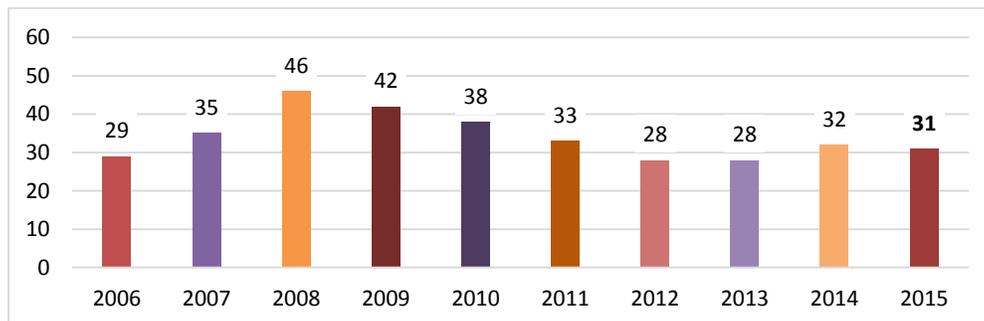

The Juvenile Field Supervision Unit supervises Anoka County residents who are adjudicated delinquent and placed on court-ordered supervision. Offenders who are deemed to be high-risk, as determined by the YLS/CMI assessment tool, are assigned to the Juvenile Intensive Unit; while medium- to low-offenders are assigned to generalist supervision or ProjPC for condition monitoring.

Within the Juvenile Intensive Unit, there are four specialized caseloads:

1. Extended Juvenile Jurisdiction (EJJ), cases supervised by one (1) probation officer who is presently supervising 17 cases of which 13 are EJJ designated.
  - The EJJ caseload had three (3) clients released successfully from probation during 2015.
  - There were zero (0) clients that had their EJJ status revoked in 2015.
2. Sex specific caseload, which has two (2) staff assigned supervising approximately 33 total cases.
3. Intensive supervision caseload, which has five (5) staff assigned supervising approximately 22 cases each.
4. The medium and low supervision cases are monitored by one (1) permanent staff and four (4) temporary Corrections Service Officers.

## 2015 Highlights and Accomplishments

### Children’s Mental Health Assessment Program

The Children’s Mental Health Assessment Program provides mental health services to all youth at the Anoka County Juvenile Center as well as mental health related training and consulting for Juvenile Center staff and community-based referring agents.

Mental Health Early Intervention Screening is completed for all Anoka County youth entering all programs at the Anoka County Juvenile Center. Psychological evaluations are completed for youth participating in the 28 Day Program at NSP and for youth in Anoka County who are uninsured/underinsured when referred by their probation officer or social worker.

In 2015 the Children’s Mental Health Program began offering Mental Health Diagnostic Assessments to youth at the Juvenile Center to aid parents, social workers and probation officers with documentation of “provisional mental health diagnoses” and related recommendations.

Funding for these services is provided in part by the MN Department of Human Services Child Welfare/Juvenile Justice Screening Grant.

### Pines School – 2015 Update

After operating the Pines School since 1977, the Anoka County Board of Commissioners approved at their February 28, 2012 meeting to withdraw from the Pines School joint powers agreement between Anoka County and the Centennial School District #12 to oversee all school related operations.

Beginning July 1, 2012, the Centennial School District began oversight and operation of all educational services at Pines School located at the Juvenile Center. Collaborative teams were established to address a multitude of transitional issues including budget, staff, assets, network lines, operational and procedural protocols.

Beginning July 1, 2014, Centennial School District expanded educational operations at the Juvenile Center with additional classroom, office, and storage space. Pines School bussed student capacity at the Juvenile Center increased from 24 to 48 for the 2014-2016 academic school years.

Pines School is going through leadership transition due to the retirement of the Alternative Education Director and appointment of an Interim Director for the 2015-16 academic school year. Student achievement and graduations continue to be very positive.

## East Central Regional Juvenile Center

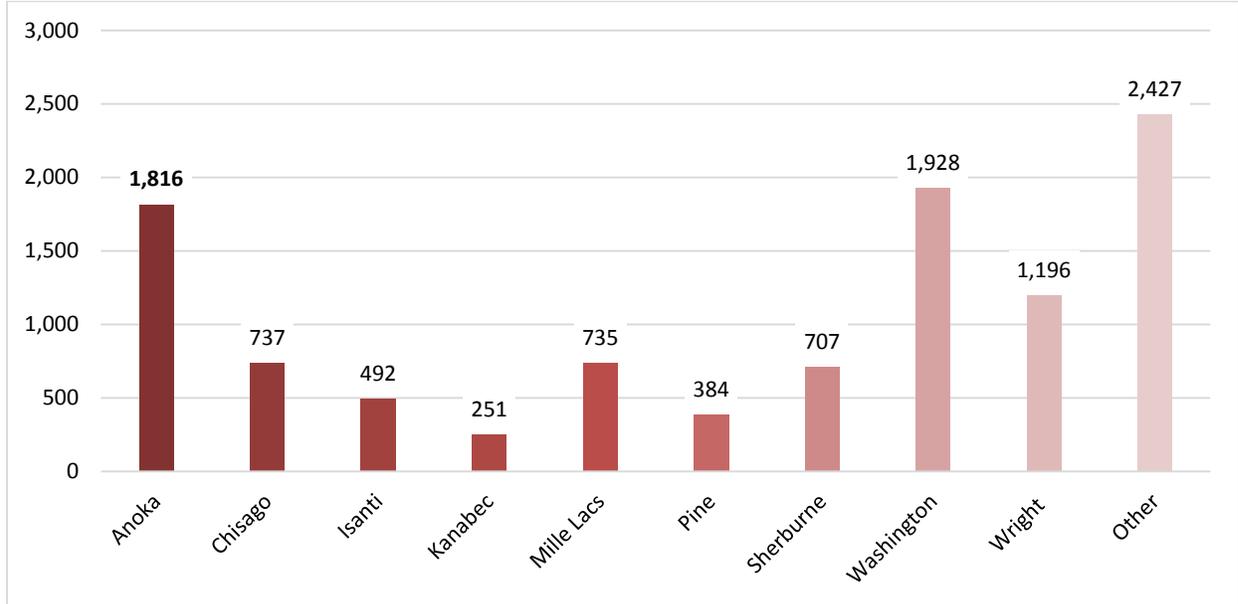

### 2015 Highlights and Accomplishments

- One Full-Time RJC Probation Officer trained in Thinking for Change (T4C) cognitive curriculum. Implementation of this curriculum scheduled for 2016.
- 2015 Ongoing PREA training. PREA audit scheduled for 2016.
- Implementation of new staff performance evaluations to include future professional development coaching sessions.
- Weekly programming included but not limited to: Commitment to Change, Aggression Replacement Therapy, Tru Thought, Reality Model, Dog Therapy, and Life Skills.
- Due to an ever changing population, the average length of stay for a youth is 10 days.
- First ever resident at RJC earned his diploma and graduated from Pines Centennial School District #12 in 2015. This was a huge benchmark for the RJC program, residents, staff, and most importantly the youth who graduated!
