DESCRIPTION

80% Alcohol Hand Sanitizer is an alcohol based hand sanitizer manufactured in accordance with FDA's Temporary Policy for Preparation of Certain Alcohol-Based Hand Sanitizer Products During the Public Health Emergency (COVID-19) Guidance for Industry.

80% Alcohol Hand Sanitizer reduces bacteria on the skin and meets both the Center for Disease Control (CDC) and the World Health Organization (WHO) recommendations for being effective against COVID-19.

It is manufactured using USP grade ingredients and contains no dye or perfume.

APPLICATION

80% Alcohol Hand Sanitizer may be used through wall mounted spraying hand dispenser systems. Refer to your SDS and read label instructions prior to use of this product. Spray on dry Hands. Rub briskly covering all surfaces including nails and between fingers. Air dry. Can be used as a hand sanitizer when water is not readily available.

STORAGE

Keep containers tightly closed in a dry, cool and well-ventilated place.
