COVID-19 INFORMATION

As the fight against COVID-19 continues, the safety of our visitors, employees, and facilities is our top priority. As state and local governments across the U.S. are lifting restrictions and overall activity and human interaction increases, Collins Aerospace has implemented safety measures for anyone who enters a Collins Aerospace facility. In addition to the measures listed below, each site observes all applicable state and local requirements.

SAFETY MEASURES

- You are required to bring and wear a facemask while within the facility. The face covering should cover both your mouth and your nose snugly.
- Your temperature will be checked upon entering the facility. If your temperature is greater than 100.4 degrees Fahrenheit (or the local jurisdiction requirement), you will not be allowed to enter the site.
- We have done our best to set up all areas according to social distancing guidelines however it may not be possible in all areas. When this is not established, we ask that individuals keep a minimum distance of 6 feet when possible.
- Utilize hand sanitizer upon entry and exit of the facility (where available).
