HUMAN SERVICES DIVISION

Community Social Services and Behavioral Health

Dear SSI representative:

I would like to inform you that my child is a recipient of a Home and Community Based waiver ([Federally approved DD Waiver Plan](#), [Minn. Stat. §252.27](#), [Minn. Stat. §256B.092](#), [Minn. R. 9525.0004 to 9525.0036](#), [42 CFR 483.440](#)) and I believe is currently eligible for or seeking SSI benefits. As a recipient of waived services, we have chosen the Consumer Directed Community Support (CDCS) option for our child which allows a parent to self-direct their child's services and be paid to provide "attendant services" for their disabled child. This parental income is excluded based on IRS Notice 2014-7 from being considered as income AND *per SSA Handbook 2167.3 What Items Are Not Included in the Deeming of Income (Code of Federal Regulations 416.1103 - What is not income)*.

I would appreciate this being taken into consideration as you are determining my child's eligibility. Please let me know if you have any questions or need more information. Thank you.
