Thinking about pursuing education or training?

This brochure has information to help you:

- Understand your options
- Learn about supports and resources
- Include work experiences alongside education

Start by meeting with your job counselor:

Job counselors will help you by exploring:

- Your strengths, previous education, training and work history
- The training or education requirements
- Supports or resources
- Jobs in your field where you live or are willing to live

Training and education options:

- English as a Second Language
- Adult Basic Education
- General Education Development (GED)
- High school diploma
- Certificate programs
- Two year degree
- Four year degree

(When you complete a post-secondary option, you have three months to search for a job in your field of interest.

After that, if you have not found a job in your field, you will have to accept any suitable job offered.)

You will need to:

- Meet hourly MFIP requirements.
- Make satisfactory progress in your classes.
- Review your plan every three months with your job counselor.

The time you spend in education or training may count towards your 60 month time limit on MFIP.

What your plan will include:

- Education and job goals
- Class and study time
- Dates for completing your program
- Paperwork you need to turn in
- Support services you will receive
- Any additional activities

Activities you may combine with education:

- **Work study** (jobs that are part of financial aid available to some students do not count against your cash grant.)
- **Internships (paid and unpaid)**
